SOCIAL BIOLOGY

Volume 42, 1995

ABBAD TRIBE: mating patterns among in Jordan, 162–174
Adolescents: birth outcomes among, 22–35
Africa: timing of first intercourse and first birth in, 151–161; cause of death structure in and mortality, 247–255
Age. See Maternal age
Alexander, Greg, 22–35
Athletics: performance in and gender, 108–123

BAH, SULAIMAN M., 143–148; 247–255
Benighat: son and daughter preferences in, 256–273
Birth order: effect of on childhood mortality in China, 50–64
Birth outcomes: among young adolescents, 22–35
Birth spacing: effects of contraception and lactation on in Bolivia, 108–123
Birth weight: maternal determinants of in China, 175–184
Births: timing of and sexual intercourse in sub-Saharan Africa, 151–161
Blanchard, Stephen, 36–49
Bolivia: effects of lactation and contraceptive use on birth-spacing in, 108–123
Bradshaw, Benjamin S., 36–49
Brazil: marriage types in, 65–82

CHATTERJEE, SANJIT, 124–133
Childbearing: effects of on fertility motivations and desire, 185–198
Childhood mortality: in China, 50–64
Children: related to men's desire for additional wives, 199–213; malnutrition among in Zimbabwe, 239–246
China: childhood mortality in, 50–64; maternal determinants of birth weights in, 175–184
Choe, Minja Kim, 50–64
Cigarette smoking. See Smoking.
Conceptions: and timing of first intercourse in sub-Saharan Africa, 151–161
Contraception: effects of on birth-spacing in Bolivia, 108–123
Cooper, Leah G., 22–35

DAUGHTER PREFERENCES: and fertility transition in Nepal, 256–273
Death: cause of in Africa and theories of mortality, 247–255. See also Child mortality, infant mortality
Diabetes: in a Mexican-origin population, 36–49
Disease: and malnutrition in children under five in Zimbabwe, 239–246
Drug use: and parental attachment and sexual strategies, 95–107

EPIDEMIOLOGIC TRANSITION: detection of fourth stage of, 143–148
Evolution of Infectious Disease, 150
Ewald, Paul W.: bk. rev., 150

FENG, WANG, 50–64
Fertility: effect of childbearing on motivation and desire for, 185–198; effects of multi-family housing, 214–225
Fertility: related to men's desire for additional wives, 199–213
Forste, Renata, 108–123
Friesen, Jonathon A.: bk. rev., 149–150
Friesen, W. Otto: bk. rev., 149–150

GENDER: effect of on childhood mortality in China, 50–64; and athletic performance, 124–132
Genetic identification: reliability versus validity of tests used in, 274–275
Greene, Margaret E., 65–82

HOGUE, CAROL J. R., 83–95
Hongsheng, Hao, 50–64
Housing: effects of on marital fertility, 214–225
Hummer, Robert A., 1–21

IMMACULATE CONCEPTIONS: timing inconsistencies in sub-Saharan birth reports, 151–161
India: son and daughter preferences in Nepal, 256–273
Infant mortality: birthweight-specific risks for Native Americans and whites, 83–94
Intercourse. See Sexual intercourse.
Iran: effects of multi-family housing on fertility in, 214–225

JARVELIN, MARJO-RITTER, 175–184
Jordan: mating problems among the Abbad tribe in, 162–174

KOBLINSKY, LAWRENCE, 274–275

LACTATION: effects of on birth-spacing in Bolivia, 108–123
Laudato, Matthew, 124–133
Leland, Nancy Lee, 22–35
Levine, Louis, 274–275
Lu, Huiling, 175–184

MADZINGIRA, NYASHA, 239–246
Malnutrition: in children under five in Zimbabwe, 239–246
Marriage squeeze: and informal marriage in Brazil, 65–82
Martin, John F., 226–238
Maternal age: effect of on birth outcomes among adolescents, 22–35
Mating: patterns of among the Abbad in Jordan, 162–174
Meekers, Dominique, 151–161
Miller, Warren B., 185–198
Morgan, S. Philip, 256–273
Mortality crossovers: another look at, 133–142
Mortality. See Childhood mortality, Infant mortality, Mortality crossovers

NABULSI, ABDALLA, 162–174
Nam, Charles, 1–21; 133–142
Nepal: son and daughter preferences in, 256–273
NeuroDynamix: Computer Models for Neurophysiology, 149–150
Niraula, Bhanu B., 256–273

PARENTAL ATTACHMENT: and drug use and facultative sexual strategies, 95–107
Pasta, David J., 185–198
Paydarfar, Ali A., 214–225
Population policy: and implications of multifamily housing in Iran, 214–225

RAO, VIJAYENDRA, 65–82
Rimpela, Arja, 175–184
Rogers, Richard G., 1–21

SECONDARY SEX RATIO: hormonal and behavioral determinants of, 226–238
Sexual intercourse: timing of and first births in sub-Saharan Africa, 151–161
Sexual strategies: and drug use and parental attachment, 95–107
Smoking: demographic and socioeconomic links to, 1–21
Son preferences: and fertility transition in Nepal, 256–273
Speizer, Ilene, 199–213

THOMPSON, GEORGE H., 36–49

VANLANDINGHAM, MARK J., 83–94

WALSH, ANTHONY, 95–107
Wives: men's desires for additional wives and children, 199–213

Xu Baizhuang, 175–184
Xu, Xiaoxing, 175–184

ZIMBABWE: malnutrition in children under five in, 239–246
